QUATATIONS ASSUMPTIONS

This document describes typical quotation assumptions used to generate a quote unless prior information is provided.

Each item is negotiable and should be clarified prior to tendering a contract.

- 1) Quotes are based on tolerances of +/- 0.005 inches or as stated on the customer's drawing.
- 2) Cut quality of #3 typically RMS 125.
- 3) Material is quoted at market rate and is subject to market variations.
- 4) Quotations are valid for 30-days.
- 5) Payment terms are FOB 2221 East Celsius Ave. #B Oxnard, CA 93030.
- 6) Remnant material smaller than 12 x 18 inches is not wanted by the customer.
- 7) All material, drawings and other information is the property of the customer.
- 8) OMAX drawing files and cut path files created by Advanced Quality Water Jet Cutting, LLC are the property of Advanced Quality Water Jut Cutting, LLC.
- 9) Quotation prices are EACH part without material unless otherwise stated.
- 10) Shipping is not included in a quotation unless requested.
